SAMSUNG

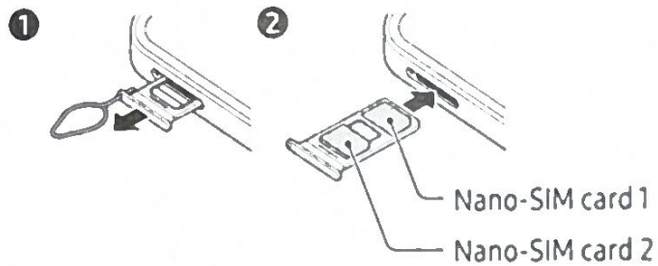
SM-M366B/DS
QUICK START GUIDE

Package contents

- Device
- USB cable
- Ejection pin
- Quick start guide

- The items supplied with the device and their images may vary by region.
- The included USB cable supports up to 3A charging.

Inserting a nano-SIM card (sold separately)



Accessing more information

Visit *www.samsung.com* to check device information, the user guide, and more. You may incur additional charges for accessing the internet.

Safety information

Read all safety information before using the device to ensure safe and proper use. You can access more safety information by opening Settings → About phone → Legal information → Safety information.

Follow the warnings below to prevent incidents, such as fires or explosions, injuries, or damage to the device

- Your device contains magnets. Keep it away from credit cards, implanted medical devices, and other devices that may be affected by magnets. In the case of medical devices, keep your device more than 15 cm apart. Stop using your device if you suspect any interference with your medical device and consult your physician or your medical device manufacturer.
- Do not expose the device to physical impact or damage.
- Use only Samsung-approved batteries, chargers, and cables specifically designed for your device.
- Prevent the multipurpose jack and battery terminals from coming into contact with foreign materials such as metal, liquids, or dust.
- If any part of the device, such as the glass or acrylic body, is broken, smokes, or emits a burning odor, stop using the device immediately. Use the device again only after it has been repaired at a Samsung Service Centre or an authorised service centre.
- Do not turn on or use the device when the battery compartment is exposed.
- Do not disassemble or reuse the battery.
- The device can be used in locations with an ambient temperature of 0 °C to 35 °C. You can store the device at an ambient temperature of -20 °C to 50 °C. Using or storing the device outside of the recommended temperature ranges may damage the device or reduce the battery's lifespan.

To prevent possible hearing damage when using a headset, do not listen to sound at high volume for long periods.

This marking on the product, accessories or literature indicates that the product and its electronic accessories (such as charger, headset, and USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or the human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

For more information on safe disposal and recycling visit our website. *www.samsung.com/in/support* or contact our Helpline numbers-

1800 5 7267864 (1800 5 SAMSUNG)
This product is RoHS compliant.

THIS DEVICE MEETS INDIAN GOVERNMENT GUIDELINES FOR EXPOSURE TO RADIO WAVES

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves (radio frequency electromagnetic fields) recommended by the Indian Government guidelines.

The guidelines include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 1.6 W/kg.

Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level in all tested frequency bands. The highest SAR value under the Indian Government guidelines for this device model is:

Maximum SAR for this model and conditions under which it was recorded	
Head SAR	0.455 W/kg

During use, the actual SAR value for this device is usually well below the value stated above. This is because, for purposes of system efficiency and to minimise interference on the network, the operating power of your mobile device is automatically decreased when full power is not needed for the call. The lower the power output of the device, the lower its SAR value.

Organisation such as the World Health Organisation and the US Food and Drug Administration have suggested that if people are concerned and want to reduce their exposure, they could use a hands-free accessory to keep the wireless device away from the head during use, or reduce the amount of time spent using the device.

For more information, visit *www.samsung.com/sar* and search for your device with the model number.

Samsung Limited Warranty Summary

Samsung Electronics Co., Ltd. ("Samsung") warrants this product against defects in material, design and workmanship to end-users who legally acquire possession of the product ("Customer") for one year (6 months for by-packed accessories) from the original date of purchase or receipt of the product from Samsung or its authorised distributor. This Warranty will not be valid for any defect caused (howsoever) by wear and tear, accident, misuse, neglect, rough handling or abuse. This Warranty will cease to be valid when any alterations or repairs are carried out by unauthorised persons. This warranty will be subject to the terms and detailed information available at *samsung.com/in/support/warranty*.

To receive Warranty service, call Samsung customer service, or visit a Samsung authorised service centre. Samsung will, at its own discretion, repair or replace any such defects in the product at no additional charge. Available service options may vary depending on the country in which service is requested and may be limited to the original country of sale. Repair parts or replacement of the product will be furnished on an exchange basis, and will either be new or refurbished parts (where legally permissible). All original items replaced in the performance of services shall become the property of Samsung and the new or replacement parts will become the property of the Customer. This Warranty is only valid when the Customer produces the original purchase invoice or receipt for the product (from when the product was first sold to the original Customer) which must not be defaced in any way and must show the purchase date, dealer name, and model name/number.

This Warranty does not affect Customers' statutory or other legal rights under any applicable law. This Warranty will be the Customer's sole and exclusive remedy unless otherwise stated in the applicable law, which may vary from country to country. This is not an international warranty and is valid only in the original country of sale.
